Objective: To obtain a position of a Trainee / Junior JavaScript developer in a progressive IT company that will allow me to develop my professional and team-working skills and grow to be a Senior JavaScript / Node.js developer within 5 years.

Education:
- Master's Degree in Information and Communication Systems Security
  2010 – 2015, Kharkiv National University of Radio Electronics, Kharkiv Ukraine.

Courses/Trainings:
- A-Level: FullStack JS Extended, Apr 2018 - Dec 2018, Kharkiv Ukraine.

Experience:
- Sep 2015 — Nov 2018: Freelancer for AT-BIM company: AutoDesk Revit drafter (duties: to draw building information models by the given design and specifications).
- Oct 2018: SheerChain / Technorely, Kharkiv Ukraine: Node.js Intern.

Technical skills:
- Computer Languages: JavaScript, SQL.
- Frontend: React, HMTL5, CCS3, SASS.
- Backend: Node.js, Express, MySQL, Sequelize.
- Operating Systems: Linux (Debian- and Arch-based), Windows.
- Version Control: Git.
- Other: Redux, GraphQL.

Languages:
- English (Upper-Intermediate)
- Russian (native)
- Ukrainian (native)
- German (basic)

Personal qualities: I am responsible for my duties and the best team player — I never let down people who count on me. I am *really* a fast-learner when motivated enough. Ready to work overtime if needed, ready to work remotely or at the office in Kharkiv. Also, I prefer an informal approach if possible.

Hobbies: I like active rest (camping trip, rafting on kayaks, biking, skiing etc.), music (I can play a few songs on the piano if prepared), history, animals, cookery and many other things.
